

# EU Venue Finders

## How we simplify your venue sourcing in 5 steps

[www.venue-finders.eu](http://www.venue-finders.eu)

### YOU NEED TO FIND

A conference room or/and hotel rooms for an event you plan to organise in Brussels, in Europe, in the World.

### YOU LIST YOUR MEETING DETAILS

Send us the details of your next meeting or workshop. The more information we have, the better.

These useful information will help us target the most convenient venues for your important event.

### WE CALL UPON OUR NETWORK

Once we receive the details of your event, we will use our extensive network in the event industry and contact suitable venues for your event.

### WE NEGOCIATE ON YOUR BEHALF

Our team prepares a grid of proposals gathering all the venues offers. We negotiate the best offers on your behalf.

### YOU MAKE YOUR VENUE SELECTION

You select the venue among our proposals.

If you think this is necessary to visit the venue beforehand, we organise the site inspections for you and we ask the final contract.

You are in direct contact with the venue to discuss further details of your event.

Free of charge venue finding service.

The venues grant us a percentage of commission on the total revenue of your event.

That commission is our only source of income since we do not increase the hotel prices with agency fees.
